PROJECT/DESCRIPTION_Billerica - Roadway Reconstruction of Boston Road Project ##605178 100% - PS&E DESIGN SUBMISSION & REVIEW CHECKLIST Submission Date 8/3/2021

PURPOSE	The	purpose	of	the	100%	review	is	to ensur	re tha	t all	comments	from t	he	75%	revie
										_					

have been satisfactorily addressed. The review also provides an opportunity to ensure that a complete contract package will be available for bidding and construction purposes.

GENERAL

The submittal shall include responses to 75% review comments; completed plans, special provisions, estimate and detail sheets, contract time determination schedules (if applicable), bottoms up estimates (if applicable), incentive/disincentive (I/D) checklists and provisions (if applicable), traditional/alternative schedule evaluations to support I/Ds (if applicable), road user calculations as applicable and an updated design schedule.

Any question listed below with a No (N) or Not Applicable (NA) answer requires a written comment.

SCORING

Each comment/question below will be reviewed and scored by MassDOT during the review period. A maximum score of 2 can be given for each question/comment: 2 (meets), 1 (partially meets), or 0 (does not meet). The maximum score is 100 for the entire submission/review checklist.

	1.0 SUBMISSION REQUIREMENTS	SCORE
	Y N NA	0
1.1	Have all the design plan PDFs been <i>flattened</i> for the 100% Bluebeam Review Session?	
	Comment:	0
1.2	Have all 75% review comments or previous design submission comments been addressed (with a written response)?	
	Comment:	0
1.3	Did the Design Consultant provide a <i>Summary</i> of what has changed since the last submission (not as a result of any MassDOT comments)? This can be very helpful for the reviewers when items have been added or deleted from the project. Please keep track of any changes on a summary sheet.	
	Comment: Summaried in the cover letter	0
1.4	Was a Comment Resolution Meeting (CRM) held for the previous review comments?	
	Comment:	0
	2.0 PLANS	SCORE
	Y N NA Title Sheet	0
2.1	Are the latest documents referenced on the Title Sheet?	
	Comment	0

2.2	• 0	Typical Sections All proposed materials should be labeled on the Typical Sections. Are the material descriptions identical to the items provided in the CPE or the material description in the STANDARD SPECIFICATIONS FOR HIGHWAYS AND BRIDGES?	
	Comment:		0
2.3	© Comment:	Plans/Drawings Is the disposition of all <i>existing and proposed features</i> located within the limits of work clearly labeled? There should be no overlapping of text.	0
2.4	• 0 0	Do all the walks, sidewalks, crosswalks, and curbcut wheelchair ramps meet the requirements listed in Americans with Disabilities Act Accessibility Guidelines (ADAAG) and Public Rights of Way Accessibility Guidelines (PROWAG), which are discussed in the Engineering Directive E-12-005?	
	Comment:		0
2.5	$\bigcirc _\bigcirc _ \bullet$	If not, have all Architectural Access Board (AAB) <i>violations</i> been identified and clearly discussed for MassDOT's review, and an AAB variance to AAB Regulations submitted to the Project Manager?	
	Comment:	No AAB variance required for the project	0
2.6	•	Are there any conflicts between the Plans and the STANDARD SPECIFICATIONS? Always use the Standard Specifications when possible.	
	Comment:		0
2.7	• 0 0	Does every item of work shown on the Plans have an associated pay item?	
	Comment:		0
2.8	•	Does the <i>plan sheet numbering</i> match the index, and is the <i>Project File No.</i> provided on each plan sheet?	
	Comment:		0
	3.0 SPECIA	AL PROVISIONS	SCORE
		Special Provisions should only be written when absolutely necessary to address a project specific issue that is not satisfactorily addressed in the STANDARD SPECIFICATIONS and SUPPLEMENTAL SPECIFICATIONS, or if the item has an asterisk in the Construction Project Estimator(CPE). If a special provision is absolutely necessary, particular attention should be paid to the basis of payment and method of measurement.	0
	Y N NA		
3.1	• 0 0	Is an adequate <i>Scope of Work</i> provided for the project?	
	Comment:		0
3.2		Has a Contract Time Determination (CTD) been developed?	
	Comment:	The district office is preparing.	0

3.3	• 0 0	Has the Project Utility Coordination (<i>PUC</i>) Form been utilized in the development of the CTD, including access restraints and contract milestones?		
	Comment:			0
3.4	<u> </u>	Has an Incentive/Disincentive (I/D) checklist been used to determine values for any I/Ds if applicable? If I/Ds are required, has a special provision been provided and has a road user benefit calculation been performed? Was a traditional or alternative schedule evaluation performed to support the use of I/Ds? Enter the amount (3-5% budget) as a comment below so the PM can enter it into the CAPE.		
	Comment:	Not in the scope		0
3.5	•	Has the project been checked for any <i>outdated specifications</i> , requiring an update or superseded by Supplemental Specifications or Interim Supplemental Specifications?		
	Comment:			0
3.6	• 0 0	Are all the <i>latest manuals</i> , <i>supplemental manuals and other documents</i> that are to be part of the contract by reference, listed on the special provisions front page?		
	Comment:			0
3.7	•	If the project requires specific information relative to <i>lane closures and traffic management</i> , is the information concisely conveyed as a supplement to subsection 7.09 Public Safety and Convenience?		
	Comment:			0
3.8	Comment:	Is a complete list of <i>affected utility companies</i> included as a supplement to subsection 7.13 Protection and Restoration of Property?	г	0
3.9		Is (are) the use of <i>non-standard workhours</i> required for this project? Has approval from the Chief Engineer been requested through the Project Manager?	_	, ,
	Comment:			0
3.10	•	Is (are) the available <i>workshift</i> (s) described as a supplement to Subsection 8.02 Schedule of Operations?		
	Comment:			0
3.11	•	Was a special provision provided for every item in the estimate (CPE) that contained an asterisk * (the asterisk * identifies a <i>non-standard item</i> that requires a special provision)?		
	Comment:			0
3.12	•	Do all item descriptions and units contained in the special provisions <i>match exactly</i> to the item descriptions and units in the cost estimate (CPE)?		
	Comment:			0

3.13	• 0 0	Do all special provisions include a very specific, unambiguous <i>method of measurement and basis of payment</i> that will minimize the potential for disputes during construction?	
	Comment:		0
3.14	Comment:	Is the location for items to be <i>removed and stacked</i> clearly identified? This is usually a Municipal or State Facility that is referenced.	0
3.15	• • •	Have the special provisions been reviewed to ensure there are no proprietary items specified? A minimum of three (3) different suppliers/manufacturers shall be provided (Recommend to provide a <i>word search</i> for: "or approved equal", "or equal" to help find these items). If <i>proprietary items</i> are specified on a municipal project, please justify and supply a letter from the Municipality to the Chief Engineer requesting approval.	
	Comment:	Request for use of prorietery items has been submitted for FHWA approval.	0
3.16	• 0 0	Have <i>Early Utility Relocations</i> been identified as a critical need to support the CTD dates? If so, notify the PM, DUCE and Utility Engineer to start early coordination.	
	Comment:		0
3.17		If required, has the Section 8.14 (Utility Coordination) documentation been included?	
	Comment:		0
