Subject: Taunton WWTF Solids Handling Improvements – CWSRF 6690

PLAN OF OPERATION

The Taunton WWTF Solids Handling Improvements is the first of three major upgrades to the Taunton WWTF.

As part of the design services for the WWTF Upgrades, including the Solids Handling Improvements, BETA wrote a Preliminary Design Report, which included a preliminary Plan of Operation.

As part of the professional services for the WWTF Improvements projects, BETA will draft an Operation and Maintenance manual for the WWTF. This manual will contain a final Plan of Operation.

Michael Andrus, P.E.
Project Manager
