**Attachments:** BAY STREET HULL MA - Bing.pdf

Good day,

We are working on a project and preparing the base mapping for the designers – Beta Group Inc. within the Town of Hull.

We would like to obtain any information for above and below ground facilities you may have within our project area for drainage and road layouts.

Through our research we have found that the layout for the majority of Bay street is 33' wide and expands to 50' wide on the southerly side. We were hoping you may have the acceptance plans or legal description of the layout.

Scope of work is as follows:

Bay Street from Porrazzo Road to George Washington Blvd.

I have attached a locus map showing the project area.

Thanks,

**Scott Baptista**
