Attachments: brat1562.pdf

Hi

Attached you will find the gas facility map(s) for the area you requested.

Your attention is specifically directed to the fact that by submitting these drawings, National Grid under no circumstances guarantees the accuracy of the locations shown on the drawings. It is also imperative that any maps prepared from this information must contain a specific notation stating that all locations of this corporation's facilities are approximate and must be verified in the field before any digging commences. As always, it is the contractor's responsibility to notify **DIG SAFE** by dialing **811** or **1-888-DIG-SAFE** prior to any excavations.

As of Wednesday August 22, 2012, National Grid no longer requires payments for gas facility requests.

If you need additional information, or have any questions, please do not hesitate to contact me.

Please note area on maps shaded in blue and or green are areas where new work has been proposed and may be completed and not yet updated on our maps.

Thank you,

Krysta Rossetti

Subject: EXT || Maps and Records Request - Braintree, MA

NOTICE: This email has been intercepted as it has been sent to the gasdatareq@us.ngrid.com address. We communicated our intention to decommission active legacy email addresses on 18 May 2020. This decommissioning deadline has now been extended. We will communicate the revised date once confirmed together with a revised list of domains to be decommissioned for all addresses not using the **@nationalgrid.com, @nationalgridso.com, @nationalgrideso.com** domains.

If you have any questions or concerns please reach out to box.IT.EUCS@nationalgrid.com

Good Day,

We are working on a project and preparing the base mapping for the designers – Beta Group Inc.. We would like to obtain any information for above and below ground facilities you may have within our project area.

I have attached a PDF file for your use which shows our entire project length.

The project encompasses the following streets

Ivory St
Pearl Street
John Mahar Highway

The work area is at the intersection of the above referenced streets running 500' in each direction

Thanks,

Scott Baptista
