Re: MAP REQUEST: Quincy, MA

Hi Elise,

Attached you will find the gas facility map(s) for the area you requested.

Your attention is specifically directed to the fact that by submitting these drawings, National Grid under no circumstances guarantees the accuracy of the locations shown on the drawings. It is also imperative that any maps prepared from this information must contain a specific notation stating that all locations of this corporation's facilities are approximate and must be verified in the field before any digging commences. As always, it is the contractor's responsibility to notify **DIG SAFE** by dialing **811** or **1-888-DIG-SAFE** prior to any excavations.

*As of Wednesday August 22, 2012, National Grid no longer requires payments for gas facility requests. *

If you need additional information, or have any questions, please do not hesitate to contact me.

Thank you,

Good day,

We are working on a project and preparing the base mapping for the designers – BETA group.
We would like to obtain any information for above and below ground facilities you may have within our project area.

I have attached a PDF file for your use which shows our entire project length.

The project encompasses the following streets,

Sea Street
Murphy Memorial Drive
Palmer Street

Limits as shown on attached PDF
