Subject: Design Center Work Order # 43076

Dear Elise:

Per your request, attached are copies of maps for the areas surrounding Town Farm Rd in WESTMINSTER, MA. We have concluded that Comcast has no underground infrastructure in the location(s) researched. This documentation is the most current we have on file to date.

Please feel free to contact me if you have any questions or need additional information

Sincerely,

A handwritten signature in black ink that reads "Ted Quint". The signature is written in a cursive, flowing style.

Ted Quint
Design Supervisor
